

FLUORESCENT

>>> CL Series Lighting

The CL Series offers low heat emission and a bright, fluorescent light. It is available in a flexible gooseneck for easy positioning. The CL Series comes standard with a 9 or 11W compact fluorescent tube.

Features include:

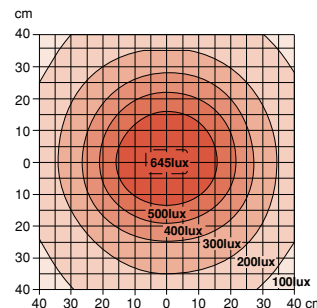

- Energy efficient 9W or 11W fluorescent light source
- Designed lamp head helps prevent glare and minimizes eyestrain
- Flexible gooseneck allows easy positioning
- Low heat emission

Ideal for applications including:

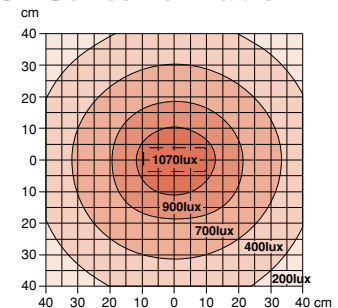

- **Assembly Areas**
- **Office and Computer Workstations**
- **Workbenches**
- **Laboratories**
